## Summer Safety Tips: ***"Look Before You Lock"***

We all know how hot a car can get in the summer. Temperatures can reach up and over 100 degrees.

Avoid the unthinkable by making these simple tips a part of your daily routine.

- Make it a habit of always checking the back seat to make sure that all children are out of the car when you arrive at your destination.
- Place your cell phone, briefcase, or purse in the back seat, so that you must look in before you lock your car.
- If your child attends child care ask your provider to call if child has not arrived within 10 minutes of the expected arrival time.
